RM RIGHT OF WAY

The RM would like to remind landowners that they are liable for any unauthorized work within the right of way. Landowners must obtain permission from the municipality prior to any trenching, digging, tree planting, fence building, etc. within the right of way.

SETBACKS

Did you know the RM has Bylaws providing minimum setbacks of buildings, including dwellings, signs, trees, fences, stone placement, earth or gravel piles, portable structures, dugouts and machinery or other similar objects:

- 45 meters (150 feet) from the centerline of a municipal road allowance, grid road main farm access road; and
- 90 meters (295 feet) within the intersection of the center line is required

On provincial Highways minimum setbacks are regulated by the Ministry of Highways and Infrastructure.

Remember we are here to help! Don't hesitate to reach out to the office to discuss those setbacks or ask if you require a permit in advance of your project. This will help landowners avoid incurring costs that might otherwise be avoided.

ROAD SIGNS

For the safety of yourself and others travelling on our municipal roads, please report any fallen, knocked down or removed road signs to the Administration Office at (306) 286-3261.

RURAL CRIME

Even if you are not directly impacted by the devastating effects of rural crime, you can still play a part to prevent numerous instances of crime that affect our rural municipality. Farms and acreages are targets for a variety of different crimes including theft of equipment, tools and grain, vandalism, dumping of garbage and break-and-enters.

By keeping your eyes and ears open, identifying suspicious behavior, and reporting anything that seems odd and unusual, everyone in our rural municipality is able to provide intelligence and work to make our municipality a safer place.

If you are out and about, be observant and report odd, unusual or suspicious behavior. Do not intervene if you see something suspicious, take photos as evidence if it is safe to do so.
