WHAT'S NEW

Appreciation is extended to former Division 1 Councillor Cody Block for his dedicated service to the RM Council and Ratepayers.

The RM would like to welcome employees Christopher Burnside and Peter Huculak who have joined the maintenance team full time and Dawson Buhs as our summer student.

The RM's road grinding project for this year is Rge Rd 2193 (Englefeld Grid). Please watch for road closed notices and be mindful of workers.

Equipment upgrades for this year included a 2025 CAT 150 Grader, 2024 Ford F-550 Flat Deck Truck, 2025 Midland End Dump Trailer, 2025 XH1500 Schulte Mower and a 2024 Schulte Flex-Arm as well as a Pitbull Blade for the FT1151 Fendt, additional Snow Wing for the Graders and a Hutchison Water Tanker.

25 YEARS AS A RM ADMINISTRATOR

Administrator Donna Tymiak received her 25 year pin at the Annual RMAA Convention in May. The RM of LeRoy would like to Congratulate her on this remarkable achievement. Donna's dedication and passion is an inspiration to us all and we are privileged to have her as part of our team.

PROPERTY TAXES

Property taxes are due on or before Dec. 31st. Taxes remaining unpaid after this will be charged 1% penalty per month.

The RM accepts cash, cheque, online payments (check with your banking institution) and e-transfer. To utilize e-transfer, send to rm339@sasktel.net.

When paying taxes, please ensure you are paying the appropriate discounted amount and be sure to provide us with your owner # which can be found on your tax notice next to the page #.

When sending a cheque in the mail, please take the delivery time in to account and mail your cheque accordingly.

The RM does accept post dated cheques.

RM RIGHT OF WAY

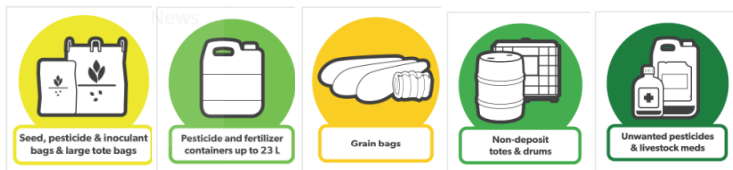

The RM would like to remind landowners that they are liable for any unauthorized work within the right of way. Landowners must obtain permission from the municipality prior to any trenching, digging, tree planting, fence building, etc. within the right of way.

GRAIN BAG & CONTAINER DISPOSAL

At times grain bags and chemical containers have been left unattended, resulting in a nuisance and untidy appearance for adjacent landowners and the travelling public. Producers are reminded to voluntarily clean up discarded grain bags, chemical and fertilizer jugs, totes and drums.

For additional information, please refer to the Clean Farms website. <https://cleanfarms.ca/materials-at-a-glance/>.

What you can recycle

SETBACKS

DID YOU KNOW the RM has Bylaws providing minimum setbacks of buildings, including dwellings, signs, trees, fences, stone placement, earth or gravel piles, portable structures, dugouts and machinery or other similar objects:

- 45 meters (150 feet) from the centerline of a municipal road allowance, grid road, main farm access road; and
- 90 meters (295 feet) within the intersection of the center line is required

On provincial Highways minimum setbacks are regulated by the Ministry of Highways and Infrastructure.

Remember we are here to help! Don't hesitate to reach out to the office to discuss those setbacks or ask if you require a permit in advance of your project. This will help landowners avoid incurring costs that might otherwise be avoided.

FIRE INSURANCE COVERAGE

DID YOU KNOW any person who starts a fire is responsible for all fire-fighting costs and possible liability from damage caused by the fire. Review your insurance with your insurance company to ensure you have adequate coverage. If you do decide to burn, choose to do so under conditions that minimize health and safety risks.
